

ICHSMT'17 : International Conference on Health Sciences and Medical Technologies 2017, from 10 to 12 October 2017, Tlemcen, Algeria.

Program

	October 10	October 11	October 12
8h-9h	Registration	Registration	Trip
9h-10h	Keynotes Key note 1 Room 1	Workshops IWMT1, IWPBS1, IWG Room2, room3, room4	
30 minutes	Coffee break		
10h:30-12:30	Keynotes Key note 2 Room 1	Workshops IWMT2, IWPBS2, IWCPH Room2, room3, room4	
	Lunch		
14-16	Keynotes Key note 3 Session 4 Room 1	Sessions Session1, Session2, Session3 Room2, room3, room4	
30 minutes	Coffee break		
16:30-18	Posters Session 1	Posters Session 2	
	Dinner		

Conference rooms:

Room1	Room2	Room3	Room4
Altava1	Pomaria 1	Pomaria 2	Pomaria 3

Key notes

Key note 1: Multimodality molecular imaging: Paving the way for personalized medicine Prof. Habib Zaidi

Key note 2: CRITICAL LITERATURE REVIEW: PREPARATION STRATEGIES

Prof SYED TAJUDDIN BIN SYED HASSAN, Dr Saliza Mohd Elias, Dr. Md Jalalian Mehrdad

Key note 3: RESEARCH EXCELLENCE: THE IMPERATIVE PRIMERS

Prof SYED TAJUDDIN BIN SYED HASSAN, Dr Saliza Mohd Elias, Dr. Md Jalalian Mehrdad

Sessions

Session 1: Infectious diseases and microbiology 11/10/2017 Room2 14h-16h

code	Authors	Title
107	H. Ziane, et al	Research of the yeasts <i>Candida non - albicans</i> on various medical devices in the service of resuscitation of the Teaching hospital of Tlemcen- Algeria.
21	Seddiki;	AIDS seen otherwise
76	HassaineLahfa et al.;	Epidemiology and formation of fungal biofilms and susceptibility testing of <i>Candida glabrata</i> isolated on endoscopes in the department of gastroenterology at the university hospital of Tlemcen
71	Boucherit et al.;	Evaluation of biomass and susceptibility to amphotericin B in biofilms of <i>Candida albicans</i> isolated from catheters
65	Saoud et al.;	A Molecular docking study of a nucleotidase purified from <i>Cerastes cerastes</i> venom: prospect to use in the treatment of CD 73 deficiency
103	GAOUAR S	Residual microbiological contamination of digestive endoscopes in gastroenterological units at the University Hospital of Tlemcen, Maghnia and Ghazaouat .Algeria
53	Nesrine Issaadet et al.	MORPHOLOGICAL AND CYTOSKELETON RENAL DAMAGE CAUSED BY <i>ANDROCTONUS AUSTRALIS</i> HECTOR VENOM

Session 2: Genetical Items 11/10/2017 Room3 14h-16h

code	Authors	Title
105	Sara Khater, et al	Genetic epidemiological characterization of the population of Ghazaouet, Wilaya of Tlemcen (West Algeria) by type 2 diabetes
38	belkhatir et al.	Genetic study of the spatial endogamy and its impact on the social immobility in the region of BeniOuarsous in the Traras Mounts. (Algeria).
37	belkhatir et al.	Anthropogenetic characterization of the BeniOuarsous in the population Traras mounts (Algeria) by the polymorphism of the blood groups (ABO, Rhesus, MNSs and Duffy)
44	HAMDAOUI	Epidemio-genetic characterization of Tlemcen's population (North-West Algeria) by trisomy 21
106	N Chabni, et al	Epidemio-genetic characterization of Tlemcen's population by Acute Leukaemia
109	N Chabni, et al	Genetic epidemiological characterization of the population of Tlemcen (West Algeria) by type 1 diabetes

Session 3: Clinical specialties 11/10/2017 Room4 14h-16h

code	Authors	Title
61	BENKHERFALLAH NADIRA, et al	Sagittal position of the temporomandibular joint disc after treatment with an activator
60	houriakaced, et al	The Abnormal Skeletal Growth Patterns in Adolescent Idiopathic Scoliosis,

Session 4: Publication and ethics 10/10/2017 Room1 14h-16h

code	Authors	Title
107	A khelassi	Note on writing Technical note
108	J Mehrdad	Ehics of publishing medical research

Workshops

IWMT: International Workshop on Medical Technologies

Session1: 11/10/2017 Room 2 9h-10h

code	Authors	Title
36	Ahmed Zakariya et al.	Health e-learning using virtual-reality technology in Algerian universities
43	FERRADJI et al.	Modeling collaborative learning: case of clinical reasoning
45	Wafa et al.	Classification of methods for generating pseudo-CT from MRI images for MRI-alone RT

51	HAMDAOUI	Simulation of population-genetic's data with BioConductor open source software : demonstration and application by the limma package.
58	Temmar et al	The new design of a remote real time embedded medical platform

Session2: 11/10/2017 Room2 10h:30-12h:30

92	Menani Karima, etal	Regulation of Blood Glucose using Nonlinear Command generator tracker NCGT and High order sliding mode HOSM Controllers: A comparative Study
63	DAHMANI;	Automatic Classification of Vocal folds Pathologies Based on Glottic Signal Parameters Using the K-Nearest Neighbors Method (KNN)
70	Younsi;	Multicriteria decision making with ELECTRE III, SOLAP and GIS for spatiotemporal tuberculosis analytics
73	Meziane;	Brain Structures Segmentation by using Statistical Models
74	Salah;	Breast cancer classification using Fuzzy classifier
75	bengueddoudj et al.;	An Efficient Algorithm for Multimodal Medical Image Fusion based On Feature Selection and PCA Using DTCWT.

IWPBS: International Workshop on Preclinical and Clinical Basic Sciences

Session1: 11/10/2017 Room2 9h-10h

code	Authors	Title
16	El KOLLI et al.	ANTI-OXIDATIVE EFFECTS OF COMBINATIONS OF ESSENTIAL OILS AND METHANOLIC EXTRACTS OF TWO APIACEOUS SPECIES Carummontanum AND Daucusgracilis
79	Boudjemaa et al.;	Bioactive molecule of essential oil of Cuperssussempervirence Mill – in vitro other treatment against microbial pathogenesis
99	Barhouchi Badra, et al	In vitro antibacterial activity and chemical composition of Algerian essential oil isolated from Myrtuscommunis
100	Messaouda Meraghni, et al	Biocontrol from Rosmarinus officinalis extracts against pathogene fungi
101	Mourad Djeziri,et al	Effect of natural extracts of a medicinal plant: Pistacialentiscus on lipid peroxidation.
102	Hidaya Fatima Zohra TOUIL 1, et al	In vitro activity of antifungal combination against planktonic cells of C. albicans isolated from catheters at the University Hospital Center of Tlemcen (Algeria)

Session2: 11/10/2017 Room2 10h:30-12h:30

78	Nassrine;	Assessment of Inflammatory response of developed vaccine against scorpion envenomation using attenuated venom
69	TOUIL et al.;	In vitro activity of antifungal combination against planktonic cells of C. albicans isolated from catheters
64	Saoud et al.;	An exploration of the antithrombotic effect of a C type lectin purified from Cerastescerastes venom by protein-protein docking
98	Keniche, et al	Development of New Beta-Sheet Breaker for the Treatment of Alzheimer's Disease.
97	Keniche, et al	Effetc of α -Cyclodextrin on Antimicrobial, antifungal and antioxidant activities of different propolis samples from Tlemcen and Chlef (Algeria) .
95	GHORZI Haféda, et al	Prenatal insecticide exposure: Effect on some plasmatic and tissue oxidative stress markers in Wistar Rats.

IWCPH: International Workshop on Cancer and Public Health 11/10/2017 Room4 9h-10h

Code	Authors	Title
50	MOQADDEM et al.	Risk factors for prostate cancer in the population of Tlemcen, West Algeria
54	Benabelkrim	Polymorphism of Glutathione S transferase P1 and prostate cancer risk in an Algerian population

82	MOQADDEM.Z et al	Genetic epidemiological characterization of Tlemcen's population by prostate cancer
83	CHAABNI.N et al	Epidemiogenetic characterization of Tlemcen's population by Acute Leukaemia
62	Missoun	Dyslipidemia in type 2 diabetes mellitus

IWG: International Workshop on Gynecology 11/10/2017 Room4 9h-10h

code	Authors	Title
83	Ahmed abdelhafiz; et al	Composite Morphometric/Morphographic Ultrasound Parameters of the Second Trimester Cervix for the Prediction of Spontaneous Preterm Labor
84	Ahmed abdelhafiz; et al	In-vitro Testing of the Effects of Bee Honey and Royal Jelly on the Mechanical Properties of the Fetal Membranes
85	Ahmed abdelhafiz; et al	SPL/PROM: HIGHER ASSOCIATION WITH LOW SOCIO-ECONOMIC STATUS
86	Ahmed abdelhafiz; et al	Simplified Technique for Asthenozoospermic Infertility: Midcycle Pericoital Intravaginal Application of Bee Honey and Royal Jelly
87	Ahmed abdelhafiz; et al	Techniques of Perinatal Care in Ancient Egypt: Wider Perspective
88	Ahmed abdelhafiz; et al	Topical Bee Honey Therapy for Complex Cervicitis
89	Ahmed abdelhafiz; et al	Topical Bee Honey for Severely Infected Perineal and Episiotomy Wounds
90	Ahmed abdelhafiz; et al	Bee Honey, Royal Jelly and Propolis for The Prevention of Preterm Labor

Posters

Session1: 10/10/2017 16h-18h

1	KHELASSI et al.	Medical application of contextual hybrid-based recommendation of Pubmed articles
22	Sebaa	Big Data and Medical Data Warehousing
24	Chaabane	A Cooperative Aligner to Resolve Multiple Sequence Alignment Problem
26	Ikhlaf	X Ray Detector Technology Optimization in Computed Tomography
93	KHOUBANI Amin Et al	Optimizing the Artificial Neural Network Parameters using Metaheuristics Algorithms.
81	Sara Khater, et al	"Study of some risk factors associated with type 2 diabetes in the population of Ghazaouet Wilaya of Tlemcen (West Algeria)"
80	Sadjia Lahiani, et al	Der p 5 from house dust mite HDM: Effect of mutations and high temperature on the folding and stability of this allergen, a Potential Diagnostic Marker Allergen for House Dust Mite Allergy
44	HAMDAOUI	Epidemiogenetic characterization of Tlemcen's population (North-West Algeria) by trisomy 21

Session2: 11/10/2017 10h:30-12h:30

96	Chérifi Fatah, et al	Exploration of the antithrombotic effect of a C type lectin purified from Cerastes cerastes venom by protein-protein docking
57	Ladjel-Mendil et al.	Involvement of acetylcholine and catecholamine in neuropathological effects induced by scorpion neurotoxins
47	Sifi et al.	The Involvement Of The AT1 Receptor In The Pathophysiology Of The Respiratory Failure Induced By Scorpion Venom
42	Nouri	New approach in the improvement of antiscorpionic immunotherapy: Input of TMG use as adjuvant for irradiated venom
40	Saoud	A Molecular docking study of a nucleotidase purified from Cerastes cerastes venom: prospect to use in the treatment of CD 73 deficiency
55	Taibi-Djennah et al.	Effects of a Kv1.3 channel blocker on LPS-induced inflammatory disorders
91	Hanane Yasmina Anteur, et al	BISPHENOL A EXPOSURE IS LINKED WITH UTERINE FIBROMA IN WESTERN ALGERIAN WOMEN OF CHILBEARING AGE
